

Brief Minutes of the G Scale Society Kent, Committee Meeting

Held on Wednesday 22 July 2020 Online through Zoom Facility

Participants: Roger Allen (RA), Martin Piper (MP), Jeff Fray (JF)

Apologies : Andrew Lloyd (AL), John Morgan (JM)

1 This was our first try of a “virtual meeting”, brought about by not being able to meet in person and arranged by MP.

2. As per messages earlier we confirmed that we would not have a Pratts Bottom event, of any type, this year.

3 Agreed we will continue to plan for Teynham at the end of January as usual. However we felt that there is a distinct likelihood that the best that may be possible is a running day with GER and a limited attendance. We may need to seek group member views in the autumn as to whether they would attend or not. We can decide what we are doing in October or November

4. Nothing has been heard yet from the West Sussex group as to whether their Henfield show will go ahead in November but we thought it must be doubtful. GER had been invited

5. On GER two items continue in abeyance - an engine shed and the possibility of additional loops or sidings.

6 MP has placed Newsletters 1 to 9 on our website and will add 10, 11 and 12 shortly.

7 JF says that after a good response for the last two Newsletters, articles from members have dried-up

8 RA will draft a message to members advising about Pratts Bottom and asking for more articles for future newsletters.
